

I am in favor of supporting the three bills — S.B. 43, S.B. 90, and H.B. 5254 —expanding the Recreational Land Use Act and restoring recreational liability protection to municipalities.

The WH and Bloomfield Reservoirs provide great recreational opportunities, great beauty and great joy to us, who are residents of the area, and to our friends and families. In addition, the reservoir system affords cross country teams a beautiful location in which to train and race.

Sincerely, Jane Arnold, Bloomfield, CT, 06002.
